INTERNATIONAL ECONOMICS AND TRADE (ECONOMICS)

BACHELOR'S DEGREE PROGRAM

Program: 240 ECTS, full-time (4 academic years), bachelor degree in Economics
Language: English

The program is aimed at training highly qualified managers and professionals with the skills and knowledge necessary to work in companies in international markets.

The program is aimed at the formation and development of professional competencies in the international economy, finance, international trade and e-commerce. Intensive training is provided in information technology, supply chain management, sales management and marketing. The program provides for an in-depth study of the following courses: "International Business", "International Marketing", "International Management", "Foreign Trade", "Pricing in International Trade", "World Commodity Markets", "Accounting", "Economic Analysis", "Legal providing the economy".

The program is implemented in English. The use of the project management approach in the period of study, the implementation of independent research projects at senior courses allow graduates to acquire the necessary competencies for work in both medium and large companies of any kind of activity.

A multicultural environment is created, implying co-education of students from different countries.

An additional advantage of the program is the practice-oriented additional courses.

Thus, education provides the conditions for rapid and effective professional growth.

Why did you choose South Ural State University?

Lemme Dipholo: South Ural State University feels like home. The people are welcoming and kind, the language and cultures are interesting, and it's safe. So many interesting things to do educationally, culturally, recreationally and a variety of sports offered. The university challenges me to be a better person career wise and outside of school.

Tarke Luis George: I choose South Ural State University because it provides the opportunity to study in English. I have been here just for a few months nonetheless, I feel comfortable to say: SUSU is awesome because it is very amiable and most importantly the expenses here are lower when compared to other Russian cities

Maria Sulima Nchama: I chose South Ural State University because it is an advanced university in technology. And also because it gave me the opportunity to meet people of other nationalities and know how to live with people different to it. The quality of studies is also good.

Ajeh Jeff Agbor: South Ural State University is an interesting place to be, because you can find the real culture of Russia and also the education system is very interesting. My teachers are so adorable they make us feel at home.
